

Environmental Stewardship

The climate is changing and so are we. Be a part of the solution.

Sometimes the small changes make the biggest differences.

- Electric mini split heating, ventilation, and air conditioning
- Tankless water heaters or air-sourced water heaters
- Solar panel installation
- Low-E glass windows
- HempWool: Plant-based fiber insulation
- Light-emitting diode (LED) fixtures
- Programmable thermostats
- Energy-Star appliances
- Insulated Concrete Form (ICF) basements
- Programmable thermostats
