

Aimee Giroux

Executive Director

Executive Director Aimee Giroux is the jack of all trades at Greater Springfield Habitat for Humanity (GSHFH). As the most tenured staff member on the current roster, Aimee knows everything there about the nonprofit organization.

Aimee began her journey to executive director in 2010 as GSHFH's bookkeeper managing the accounts receivable, accounts payable, mortgage and escrow evaluation, maintenance event, and project accounting. In 2012 she became the organization's operations manager. In her new position, Aimee oversaw the oversight of various grants, mortgage origination, information technology oversight, security compliance, and software maintenance. She also managed yearly financial audits, construction project management, and fundraising and donor retention. These days, Aimee continues to balance operation duties with grant writing, donor cultivation, and policy, program oversight and development to meet Habitat International, federal, and state requirements.

Aimee can be reached at giroux@habitatspringfield.org or by phone at (413) 739-5503 x1007.
